

Nebraska Department of Roads – Materials & Research Division
PO Box 94759, Lincoln, NE 68509-4759

Looking for completed project information online?

NDOR employees can now search for technical briefs and final reports online:

Go to:

<http://drvisvp/falconWebv3/>

If you are prompted with a user name and password, do the following:

With your Internet Browser open, go to Tools, Internet Options, “Advanced” Tab, scroll down (under the “Browsing” heading) and uncheck the option that says “Enable websites to use search pane” and then try the link again.

If the link still doesn’t work, go to the same Tools, Internet Options, “advanced” tab, and this time scroll down (under the “Security” heading) and uncheck “Enable Integrated Windows Authentication” and then try the link again.

If you are not an NDOR employee, please contact the research staff for project information. Please Contact [Jodi Gibson](#) (402-479-4337), [Lieska Halsey](#) (402-479-3681) or [Amy Starr](#) (402-479-3687) for any project information you may need.

We are working to allow web access for external users.
